Veriagent is a product of EMEA Financial Services Pty Ltd established in the year 2000.

A Johannesburg based company specialising in the design and development of conveyancing solutions. Over the past four years the company designed an exciting e-property STRAIGHT THROUGH PROCESSING system aiming to eliminate cumbersome paper based functions and to assist in speeding up property transactions.

Veriagent is the latest development to improve efficiency in all property transactions through available cutting edge technology. It is now offered as a beneficial business tool to all role players in the property transaction market.

EMEA Financial Services (Pty) Ltd is a privately owned company with a vision to expand globally in the delivery of e-property conveyancing systems.
